## CALL FOR PAPERS

The IEEE Control System Society (CSS), Malaysia Section Chapter is proud to announce the **2026 IEEE International Conference on Space, AI and Aerial Robotics (SAIROB2026)**, which will be held as a hybrid conference on **11 and 12 December 2026 in Parkroyal Penang Resort, Batu Ferringhi, Penang, Malaysia**. Local presenters must present physically, while international presenters may opt for virtual or physical presentation. The conference will feature various tracks covering a wide range of cutting-edge topics.

## CONFERENCE TRACKS

- Planetary and Space Robotics
- Satellite Technologies and Space Formations
- Human-Robot Interaction and Virtual Environment
- Control, Navigation and Guidance Systems for UAS
- UAS Design, Modeling and Simulation
- Safety, Security and Regulations
- UAS Applications in Various Sectors
- Swarm Robotics and Multi-agent Systems
- AI and Machine Learning in UAS and Space Robotics
- Other Related Areas

## SUBMISSION OF FULL PAPER

Authors are invited to submit full papers (up to 6 pages, double columns of A4 – single spacing, font size 10 point minimum, font type Time New Roman), in English, through online submission at <https://sairob.acscrg.com/2026/> by 27 February 2026. Authors are advised to check the similarity index (SI) of their paper is below than 25% before submitting.

All research papers will be reviewed on the basis of a full-length manuscript and acceptance will be based on quality, originality and relevancies.
